Salopek	Stephanie		I am a 31 years old and a veteran. I served almost 7 years, with my last job being at the Port Mortuary in Dover, DE. I exited the military as a Technical Sergeant and began school to become a respiratory Therapist. I graduated in 2017 and began working in Washington, D.C. My husband is still active duty, which is how we got down to Florida this past fall. I have an 8 year old daughter and 3 stepchildren ages 16, 19, and 20. In my spare time I love to do anything active, from working out, to going to the beach, to playing sports, to kayaking, bike riding, or running in Spartan Races. I love to explore new areas, spend time with my family, and take on DIY projects. Having a passion for an active lifestyle, my goal is to work in Respiratory Therapy, but take more of a fitness angle on it, possibly by doing cardiopulmonary rehab. I am currently also getting my Certified Personal Trainer certification, so I know that will help with these goals as well. I grew up in Iowa after my military parents retired and settled down. I joined the m.j military straight out of high school and it was the best thing I could have ever done!
